Project experiences

BLOGGER

🖥️ https://nextjs-blog-ten-psi-28.vercel.app/

🖥️ https://github.com/TINGYUNLI/nextjs-blog

Key Features
- React.js(Next.js) / JavaScript
- Google / Github OAuth
- MongoDB / Prisma
- Write blog post using React-quill editor
- Upload Image using Firebase

LET'S CHAT

🖥️ https://nextjs-chat-app-murex.vercel.app/

🖥️ https://github.com/TINGYUNLI/nextjs-chat-app

Key Features
- React.js(Next.js) / TypeScript / Tailwind CSS
- Real-time messaging using Pusher
- Group chats and one-on-one messaging
- Google / Github OAuth
- MongoDB / Prisma
- File and image upload using Cloudinary

FACEHOOK (FACEBOOK CLONE/TEAM WORK)

🖥️ https://github.com/TINGYUNLI/FaceHook-Frontend

🖥️ https://github.com/TINGYUNLI/FaceHook-Backend

Key Features
- React.js / TypeScript / Tailwind CSS
- Node.js / Express
- PostgreSQL / typeorm
- Real-time messaging and notification using socket.io
- User auth using passport-jwt and bcrypt
